## **WHAT IS A CHILD PROTECTION AND SAFEGUARDING INSPECTION?**

A Child Protection and Safeguarding Inspection (CPSI) is a focused inspection of the implementation of the *Child Protection Procedures for Primary and Post-Primary schools 2017*. These procedures provide direction and guidance to school authorities and to school personnel in relation to meeting their statutory obligations under the Children First Act 2015. They also provide direction and guidance in relation to the continued implementation of the best practice, non-statutory guidance set out in Children First National Guidance 2017. The CPSI inspection model examines the implementation of the *Child Protection Procedures for Primary and Post-Primary schools 2017* in schools through conducting ten checks based on the procedures.

The CPSI inspection process consists of two inspections: an **Initial Child Protection and Safeguarding Inspection** and a **Final Child Protection and Safeguarding Inspection**. The two inspections are typically carried out in a school within a relatively short timeframe. This is a report on a Final Child Protection and Safeguarding Inspection.

## **WHAT HAPPENS DURING A FINAL CHILD PROTECTION AND SAFEGUARDING INSPECTION?**

During a final CPSI, inspectors:

- Engage with learners about their learning in Social Personal and Health Education (SPHE) and Stay Safe
- Conduct a focus group meeting with representatives of the parents' association / parent representatives on the board of management to explore issues relevant to school climate and parents' awareness of the school's child protection procedures, including the school's anti-bullying procedures
- Hold meetings with:
  - Designated Liaison Person (DLP) / Deputy DLP
  - Chairperson of board of management
  - A sample of school personnel
  - The SPHE coordinator
- Review the following documents:
  - Board of management minutes
  - Child safeguarding statement and risk assessment
  - Relevant school plans
  - The school's IT Acceptable Use Policy (AUP)
- Review child protection records, where these have been created.

The board of management of the school was given an opportunity to comment in writing on the findings and recommendations of the report, and the response of the board will be found in the appendix of this report.

## **HOW TO READ THIS REPORT**

The checks conducted during this inspection are based on the *Child Protection Procedures for Primary and Post-Primary Schools 2017*.

The first section of the report indicates the extent to which the school was compliant with each of the checks conducted by indicating, in respect of each of the stated checks, whether the school was:

- Fully compliant
- Substantially compliant
- Partially compliant

- Not compliant

Some of the checks may not be relevant to a particular school, for example a school that has never had a concern in relation to child protection will not have any child protection records. In such cases, the report indicates that the check does not apply to the school by stating *Not Applicable* after that particular check.

It should be noted that the term ‘school personnel’ as referred to in this inspection report is used as a generic term to cover all adults who are involved in the operation of the school. It covers employees and voluntary workers and includes parent association members when they are working in the school. These personnel include, for example, teachers, special needs assistants, caretakers, secretaries, cleaners, voluntary workers in the school, paid or voluntary tutors, and parent association members helping with aspects of the work of the school.

Where a school is less than fully compliant with a particular requirement, the report provides some additional evaluative comment on the check. It also advises actions that the school should take in order to comply more fully with the *Child Protection Procedures for Primary and Post-Primary Schools 2017*.

The report also provides an evaluative comment on the school’s planning for and implementation of the Social Personal and Health Education Curriculum and the Stay Safe Programme/ Relationships and Sexuality Education Programme as evident during the inspection. In providing this overview, reference is made to the appropriate quality level of the Inspectorate’s Quality Continuum:

- Very good
- Good
- Satisfactory
- Fair
- Weak

A *Guide to Child Protection and Safeguarding Inspections* was published on the website of the Department of Education in January 2019 and can be accessed at [www.gov.ie](http://www.gov.ie). This Guide details how CPSIs are carried out and also provides the framework used by inspectors in arriving at judgements about a school’s compliance with the aspects of the *Child Protection Procedures 2017* that are checked during the inspection.

## Child Protection and Safeguarding Inspection Report

The checks detailed below derive from the *Child Protection Procedures for Primary and Post-Primary Schools 2017*. These procedures are designed to ensure that schools provide a safe and secure environment for all our children and through appropriate curriculum provision, provide for the incremental development of the life skills that will empower students to keep themselves safe.

In order to meet these aims, the procedures set out a number of requirements on schools relating to communicating with members of the school community about child protection matters; training of school personnel and board members in respect of child protection; reporting about child protection to the board of management; and fulfilling certain reporting and record keeping obligations in relation to child protection matters. They also detail the mandatory aspects of the curriculum that are designed to develop students' knowledge, skills, attitudes and behaviours through Social Personal and Health Education (SPHE) and the *Stay Safe* programme.

<b>Aspects of the <i>Child Protection Procedures for Primary and Post-Primary Schools 2017</i> checked</b>	<b>Fully Compliant Substantially Compliant Partially Compliant Not compliant Not applicable</b>

<p><b>10. Curriculum Check</b></p>	
<p>There is a programme for Social Personal and Health Education for all children in the school.</p>	<p><b>Yes</b></p>
<p>The Stay Safe Programme is implemented within the school</p>	<p><b>Yes</b></p>
<p>The overall quality of planning for and implementation of the SPHE curriculum and the Stay Safe programme, as evidenced during the inspection is very good.</p> <p>School management and staff demonstrate great commitment to supporting the wellbeing of all pupils. Their collective efforts have resulted in a positive, welcoming and affirmative school atmosphere. Teachers' timetables indicate that at all class levels, SPHE is taught on a weekly basis. Appropriate whole school planning is in place to guide the implementation of a balanced and comprehensive SPHE programme.</p> <p>In group meetings pupils competently and confidently described their learning in SPHE and Stay Safe. Pupils could recognise, share and elaborate on the unique value this learning adds to their everyday lives. With notable consistency, groups described the significant enjoyment they derive from their learning experiences in SPHE. They detailed a wide range of stimulating activities in which they engage during lessons. These activities included storytelling, role-play, circle time, class discussions, debates, project work and scrapbooking. Pupils impressively applied their understanding of the Stay Safe programme to real-life scenarios presented. Pupils demonstrated an advanced understanding of the value and importance of strategies which enable them to manage their feelings and emotions.</p> <p>Discussions with representatives of the parents' association indicate very high levels of satisfaction with the school. Parents spoke positively about their children's learning in SPHE. Parents praised the school's communication processes and the highly responsive way it deals with queries and concerns.</p>
